

# SUN MOUSSE SPF50

## DESCRIPTION

Sunscreen with high UVA and UVB protection. An easy to apply, fast absorbing and non-sticky mousse.

## PROPERTIES

- Contains UV-filters with high protection against UVA and UVB radiation. The filters quickly penetrate the skin and absorb the UV rays, converting them into harmless rays.
- Skin conditioning properties that help maintain the skin's natural moisture balance.
- Prevent premature ageing. The UV-filters protect from sun damage to the skin and the content of Vitamin E/Antioxidant defend against free-radical damage.
- Fast drying, leaving a non-sticky protection.
- Very water resistant.
- Fragrance free.
- Suitable for all skin types and can be used on body, face, lips, and scalp.
- Free from preservatives, the aerosol provides natural protection with 36-months shelf life.
- Certified bioLPG propellant with CO2 reduction up to 90%, naturally produced via organic waste = Green Propellant.

## FIELD OF APPLICATION

- To be used all over the body including the face, lips, scalp, etc.
- Can be used on both for adults and children over 6 months.

## USER INSTRUCTIONS

- 1) Apply before sun exposure.
- 2) Shake can well before use.
- 3) Apply, using it up & down.
- 4) A golf ball size covers an adult arm.
- 5) Press the mousse between your hands to a more liquid mode. Spread evenly and generously over the skin.
- 6) Dries within 5 min.
- 7) Re-apply often – every other hour or at perspiration or swimming.

**Note:** Avoid contact with eyes. Do not stay too long in the sun, even while using a sun protection product. Over-exposure to the sun is a serious health threat. Reducing the quantity will lower the level of protection. Keep babies and young children out of direct sunlight. Let dry fully before contact with textiles.
