

LIPO FOAM

DESCRIPTION

This barrier hand foam with Liposome's protects against toxic and irritating agents of aggressive chemical substances, dirt, ink, colours, oil, detergents (for example washing and cleaning agents).

LIPO FOAM is a mixture of tensides to soft to the skin, water, dispersing agents and skin protection oils with a non-polluting propellant.

By adding liposome's the structure and the moisture of the skin are improved.

PROPERTIES

- ***Provides a non-greasy, invisible protective film.***
- ***Water-resistant, protects against solvents, acids, dyes, oils, tar, bitumen, ink, lacquers, colours, pigments, lime, soot, adhesives as well as other building material belonging to this category.***
- ***Lipo Foam prevents the penetration of lubricants or any kind of dirt into the skin and pores.***
- ***After the job, dirt can be washed up without any problems with warm water, only in case of persistent dirt washing with soap is necessary.***
- ***Considerably reduce the need of hand washing soaps.***
- ***Liposome additives considerably improve the skin's ability to retain moisture.***
- ***Even lessens calluses and dryness (cracks) on the hands.***
- ***Very economical to use. One Lipo Foam can is ok for >400 treatments.***
- ***With CO2 neutral propellant that is naturally produced via waste = Green Propellant. Replaces propane and DME propellants derived from oil and gas.***

FIELD OF APPLICATION

- ***This product is applied in garages, chemical working and mineral oil – working firms, the food industry, plastic industry, that means practically in all firms where the protection of the skin is essential.***

USER INSTRUCTIONS

- 1) ***Shake can well before use.***
- 2) ***Apply on dry and clean hands.***
- 3) ***Before starting to work, spray LIPO FOAM on your hands and massage it well into your hands. Don't forget the thumbs and fingertips.***
- 4) ***Allow absorbing for approx. 2 minutes, the foam penetrates into the pores of the skin and produces an invisible oil-free film.***

Recommended to be used 3-4 times per day or after washing the hands. Effect < 6 hours. Recommended volume to be used: size of 1 golf ball.
