

RED SCRAPER KIT

DESCRIPTION

Plastic scraper made of POM for a wide range of applications. With Red Scraper you can split, adjust, lift and empty the material relatively safely without damaging the work surface.

PROPERTIES

- Designed for use on surfaces without scratching or damaging them.
- Perfect for plastics, synthetics, glass, wood, metals, tools, porcelain, etc.
- Also highly effective at scraping or removing emblems, labels, balancing weights, rubber residue, etc.
- Highly resistant to most chemicals.
- Easy to clean.
- Three working edges and a hand stop which means you can press down hard without your hand slipping.
- POM material has excellent mechanical properties, maintenance-free functionality, high strength, elasticity and high resistance to chemicals.

FIELD OF APPLICATION

- A superb combination of toughness, rigidity and stiffness which makes it ideal for splitting, adjusting, breaking and treating materials.
- Removing emblems, labels, rubber residue, etc. without scratching the surface.

USER INSTRUCTIONS

Keep Red Scraper away from UV rays (sunlight) and hot water.
