

FOAM LANCE KIT

DESCRIPTION

Foam lance in a professional heavy duty design that can create a thick, strong foam.
Adjustable spray nozzle for accurate mixing and foam generation.
Complete with adapters to work with any pressure washer.

PROPERTIES

- Professional heavy duty design.
- 1 liter bottle to be filled up with Duo Clean or Foam Wash for best result.
- The spray nozzle is fully adjustable for accurate mixing and foam generation. Can create all from a concentrated to a very wide spray pattern.
- Eco-friendly as it saves water.
- Complete with twelve different adapters to fit most common pressure washers.

FIELD OF APPLICATION

- Simple and quick application, perfect on large and vertical surfaces.
- Suitable to clean various types of motor vehicles, engineering vehicles, engineering machinery and agricultural machinery products. It is the most ideal tool for cleaning cars and smaller vehicles.
- Also workable for the exterior of buildings, grounds, bath pool and swimming pool cleaning, especially for windows, toilet and other areas which are difficult to clean by manual work.

USER INSTRUCTIONS

1. Connect suitable adapter to the foam lance.
2. Fill the liquid bottle with defined amount of cleaning agent. The foam depends on the concentration of cleaning agent
3. Attach the foam lance to pressure gun, adjust the nozzle to get a proper spray pattern (wide to narrow), adjust the knob on the top to control how much water is mixed in and the thickness of the foam spray.
4. Spray foam all over the object to be washed, let the foam stay for up to 5 minutes.
5. Clean with a water pressure gun, wipe remaining foam with a sponge if possible.
6. Dry it appropriately.
7. To ensure it works properly next time and increase the service life of foam lance, please clean out the lance and liquid bottle after usage every time.

Note Application of thread tape or Multi Lock Medium on the coupling may be needed for a 100% seal. Table of contents accompanies each kit.
