

MICRO GLOSS

DESCRIPTION

Micro Gloss is an ultra-thin micro fibre cloth. Ideal for polishing and cleaning of hard surfaces mirrors, glass, windows, plastic etc. Ideal to be used together with Micro Polish. Size 40x60cm perfect for use on larger surfaces.

PROPERTIES

- Cleans and polishes surfaces from dust, dirt, oil etc., very effectively without leaving any stripes or traces.
- Provides a very good result without chemicals.
- The fibers are extremely thin and give the fabric a capillary effect with extreme absorbing properties.
- Is very durable and maintains the quality, even after being washed several times.
- Lower the consumption of paper towel and rags.
- The cloth's micro-thin threads give maximum cleaning and absorption.
- Unbelievably effective against dust.
- Reduces the need for paper towels and rags.
- Reduces the need for cleaning agents.
- Can be washed. Reusable and extremely durable.
- Large size of 40x60cm.

FIELD OF APPLICATION

- Ideal for use on mirrors, glass, windows, plastic and other hard surfaces.

USER INSTRUCTIONS

- Can be used dry or wet.

See further washing instructions on next page.
