

METAL CLEAN

DESCRIPTION

Perfect cleaner for metals and machinery parts. Gives a completely clean and fat-free surface. Perfect combination of maximum pressure and a powerful degreaser. Mixture of propellant and n-Hexane free aliphatic hydrocarbon solvents, alcohol and acetone.

PROPERTIES

- Maximum volume means greater cost-effectiveness and fewer empty containers to dispose of.
- Maximum pressure gives more efficient, faster cleaning at over 50% greater force.
- Maximum cleaning creates a completely clean, grease-free surface.
- Spray on parts and allow to run off and wipe off or let evaporate or dry with compressed air.
- Does not contain n-Hexane.
- Green certified propellant with CO2 reduction up to 90%, naturally produced via organic waste = Green Propellant.

FIELD OF APPLICATION

- Quickly cleans and degreases mechanical and electrical components.
- Removes dirt, oil, grease, fluids and dust.
- Cleaning before bonding and sealing on surfaces.
- Cleaning and degreasing metals, glass and ceramics in workshops and industry.
- High quality product with a wide area of application.

USER INSTRUCTIONS

First remove excessive dirt/dust etc. with a brush or cloth. Do not spray on painted surfaces. Ensure that rubber and plastic components will not be affected before spray is used.

This product information is property of VEIDEC AB and is not to be forwarded to third persons without our agreement. The product information has been made out according to our experiences; the corresponding distributing company has to point out probable characteristics as to the use of the product as the application fields are often very different. The recommendations as to technical use are not binding and do not justify any contractual relationship and subsidiary obligations under the contract of purchase. They especially do not relieve the buyer from testing our product on his own as to the suitability for the designated field of application.

METAL CLEAN

TECHNICAL DETAILS

Color:	Clear.
Packaging:	750 ml tin plate aerosol: Art.no: 25107
Odor:	Citrus.
VOC (directive 2010/75/EU):	97 Vol%
Shelf life (temp.) months (+5°C to +25 °C):	24 months.
Certificates & Registrations:	GREEN PROPELLANT, BETA.
Others:	In compliance with the legal regulations, please see current Material Safety Data Sheet. https://veidec.com/en/msds
User Instruction:	Scan the QR-code for MSDS, video and other information.

CERTIFICATES/REGISTRATIONS

GREEN PROPELLANT.

Metal Clean is registered by BETA.

FEATURES

Developed for High tech applications.

UP-AND-DOWN.
